Subject: Draft letter from Alexis to USFS
Attachments: Strauss to Joyner Letter_042717.docx

Hi Kathy,

Attached is my first stab at drafting the letter requested by Kathleen yesterday afternoon. I suspect I may be a bit too explicit in some of the statements made (thinking of HQ's request that we not box ourselves into a corner), but I also wanted to capture EPA's current position accurately.

Please let me know if there are any broad-stroke changes you would like me to make before you dig in for line edits.

Thank you.

-Carter
